Learn from the Guild; Educate them about your Advantages

Founded in 2010, the Site Selectors Guild is a professional association comprised of the world's most respected corporate site selection consultants. IEDA has transformed its Fall Conference into the Site Selectors Guild Conference to enable LEDOs, REDOs, elected officials, and its membership as a whole to mingle with site selectors who assist companies with location decisions. Throughout the conference, Guild members will share their perspectives about what is happening in the global economy, how Indiana is doing and ways in which we can become an even more competitive place in which to operate.

Hurry and register to reserve your spot at this conference. [Click here!](#)
